Required Communications

Generally accepted auditing standards (AU-C 260, *The Auditor's Communication with Those Charged with Governance*) require the auditor to promote effective two-way communication between the auditor and those charged with governance. Consistent with this requirement, the following summarizes our responsibilities regarding the financial statement audit as well as observations arising from our audit that are significant and relevant to your responsibility to oversee the financial reporting process.

Area	Comments
Our Responsibilities with Regard to the Financial Statement Audit	Our responsibilities under auditing standards generally accepted in the United States of America; <i>Government Auditing Standards</i> issued by the Comptroller General of the United States and the Kansas Municipal Audit and Accounting Guide have been described to you in our arrangement letter dated October 6, 2014.
Overview of the Planned Scope and Timing of the Financial Statement Audit	We have issued a separate communication regarding the planned scope and timing of our audit and have discussed with you our identification of and planned audit response to significant risks of material misstatement.
Accounting Policies and Practices	Preferability of Accounting Policies and Practices Under generally accepted principles, in certain circumstances, management may select among alternative accounting practices. We did not discuss with management any alternative treatments within generally accepted accounting principles for accounting policies and practices related to material items during the current audit period. Adoption of, or Change in, Accounting Policies Management has the ultimate responsibility for the appropriateness of the accounting policies used by the Library. The Library did not adopt any significant new accounting policies nor have there been any changes in existing significant accounting policies during the current period. Significant or Unusual Transactions We did not identify any significant or unusual transactions or significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Area	Comments
	<p>Management’s Judgments and Accounting Estimates</p> <p>Accounting estimates are an integral part of the preparation of financial statements and are based upon management’s current judgment. The process used by management encompasses their knowledge and experience about past and current events and certain assumptions about future events. You may wish to monitor throughout the year the process used to determine and record these accounting estimates. Summary information about the process used by management in formulating particularly sensitive accounting estimates and about our conclusions regarding the reasonableness of those estimates is in the attached “Summary of Accounting Estimates.”</p>
Audit Adjustments	Audit adjustments proposed by us and recorded by the Library are summarized in the attached representation letter.
Uncorrected Misstatements	During the course of our audit, we accumulated an uncorrected misstatement that was determined by management to be immaterial to the statements of financial position and results of operations and to the related financial statement disclosures. The uncorrected misstatement is summarized in the attached representation letter.
Disagreements with Management	We encountered no disagreements with management over the application of significant accounting principles, the basis for management’s judgments on any significant matters, the scope of the audit, or significant disclosures to be included in the financial statements.
Consultations with Other Accountants	We are not aware of any consultations management had with other accountants about accounting or auditing matters.
Significant Issues Discussed with Management	No significant issues arising from the audit were discussed with or the subject of correspondence with management.
Significant Difficulties Encountered in Performing the Audit	We did not encounter any significant difficulties in dealing with management during the audit.

Summary of Significant Accounting Estimates

Year Ended December 31, 2014

The following describes the significant accounting estimates reflected in the Library's December 31, 2014, financial statements:

Estimate	Accounting Policy	Management's Estimation Process	Basis for Our Conclusions on Reasonableness of Estimate
Capital Assets	Record the value of books and collections as determined by the Library's Technical Services department.	An analysis of current quantities of books and collections, along with other factors, is used to determine the value of books and collections.	Review of management's analysis resulted in our conclusion that the estimate appears reasonable.
Net OPEB Obligation	Net OPEB obligation is computed by an independent actuarial firm. The disclosure is based upon numerous assumptions and estimates, including the expected rate of investment return, the interest rate used to determine present value and medical care cost trend rates.	The rate of return is based on historical and general market data.	Review of actuarial valuation and related assumptions resulted in our conclusion that the estimate appears reasonable.
