Chief Executive Officer's Report April 2026

News and Updates

Dolly Parton's Imagination Library (DPIL) with the United Way of Kaw Valley

As of the end of March 2026, 5,485 children aged five and under were enrolled in the local Dolly Parton's Imagination Library (DPIL) program. The program's global reach is equally impressive; since its inception, it has gifted over 304 million books to children across the US, UK, Canada, Australia, and Ireland. To put that scale in perspective, the Imagination Library mails a book every 0.78 seconds. Research consistently shows that a "book-rich" home environment significantly boosts academic success by improving a child's vocabulary, attention span, and love of reading.

Friends of the Library Memorandum of Understanding (MOU)

The Memorandum of Understanding (MOU) between the Library and the Friends of the Library, a 501(c)(3) organization, establishes a cooperative framework to support Library operations. As a separate entity, the Friends' mission is to aid, promote, and advance the Library's development. The MOU is reviewed every five years for approval by both the Library Board of Trustees and the Friends Board of Directors. Resolutions to approve the updated agreement will be presented at the Library Board's April meeting and the Friends Board's May meeting.

Budget Listening Session

Mark your calendar for April 30, 2026, 5:00 pm-7:00, Marvin Auditorium 101A to attend the budget listening session with the community in preparation for developing the 2027 library budget. We will have a short overview of the services, programs and collections and provide opportunities for community members to share their thoughts, and ideas to library leadership regarding the library budget. The listening session information will be provided to the Board of Trustees as you develop the 2027 operating budget.

Volunteer Recognition Breakfast April 24th 8:30 am-9:30

All members of the Board of Trustees are cordially invited to attend the Volunteer Recognition Breakfast. This annual event is hosted by Volunteer Coordinator Kari Zimmerman and provides an opportunity to express our sincere gratitude to the volunteers who support the library and its mission to spark curiosity and build community through literacy and learning. The library's work would not be possible without the dedication of more than 200 volunteers who serve on boards, support the Summer Reading program, operate the Booktique and quarterly book sales, update genealogy resources, assist patrons in building digital literacy skills, and contribute in many other meaningful ways.

Library Tours in Minneapolis, Minnesota

To inform the "Beyond the Building" five-year service plan, we visited three Minneapolis-area libraries to research innovative service models. A highlight was the Scott County Library (Savage branch), which offers a successful extended-access model allowing patrons to use the facility, technology, and youth spaces outside of traditional hours. Our team also toured two Hennepin

County Library branches. We will continue to identify and visit regional libraries with unique service delivery methods that align with our strategic vision.

Welcome to our new Communications and Marketing Director

I am delighted to announce that Allyson Chard will join us as our new Communications and Marketing Director on April 13, 2026. Allyson brings extensive experience in both print and digital marketing, most recently serving in the financial sector. She joins our team at a pivotal moment as we launch the "Roar!" Summer Reading Challenge. I also want to extend a sincere thank you to the Communications and Marketing team, who—with a bit of my support—successfully steered the ship throughout the recruitment process.

Spring Break at the Library

While many community members connect with us digitally, tailored in-person experiences continue to be a significant draw for Topekans. Our Lego Spring Break events were a resounding success, bringing families of all sizes into the library for programs, scavenger hunts, and discovery. Throughout the week of March 15–22, families explored the library far beyond the Kids Library, searching for hidden Lego clues in the Topeka Room, Movies and Music, and even the Millennium Café.

The week culminated in a community-wide "500 Lego Build" on Friday. I want to thank the Kids Library and School Age teams for their creative planning, as well as the entire staff for their support. Daily visitor counts shared by Chief of Staff Thad Hartman confirmed the impact of this engagement; several days saw attendance levels that rivaled our busiest summer months.

Agenda Items- New Business

Nominating Committee and Election of Officers

According to the Bylaws of the Board of Trustees of the Topeka and Shawnee County Public Library, Article II: Officers, section 2. Nomination Procedures and Time of Election (approved May 21, 2015); "at the regular meeting in March the Board shall elect a Nominating Committee of three trustees. It shall be the duty of this committee to nominate candidates for offices to be filled at the annual meeting. Additional nominations may be made from the floor at the annual meeting." The names for members of the Nominating Committee are part of the resolution included in the board meeting packet.

Resolution- Bid for Subaru Outback

As part of the regular replacement schedule for the heavily used delivery vehicles and to align the library's expanding outreach and programming needs, the library included in the FY2026 Library Budget a new delivery vehicle. The funding for the new vehicle was included in the Friends of the Library annual request for funding which was approved by the Board of Trustees at the October 16, 2025 board meeting. Please see the accompanying background information, fiscal note and bid summary included with this resolution.

Resolution- Bid for Staff Spaces Renovation & Furniture

As part of the 2026 Facilities Master Plan, the Digital Services, Youth Services, and Community Services areas are slated for renovation. Planned improvements include new flooring, sound dampening, and additional staff furniture where needed. Many of these spaces have not been updated since the library's major remodel in 2002 and need modernization. These projects were included in the 2026 budget. Please see the accompanying background information, fiscal note, and bid summary included with this resolution.

Policy Review

We will continue to review library policies. At the April Board of Trustees meeting, we will have the first reading of the User Confidentiality Policy. Additionally, we will discuss the financial policies for credit card transactions.

Chief of Staff Report

Thad Hartman

April 9, 2026

Staff Spaces

This year's staff spaces remodel project will focus on three different workrooms, a breakroom, and the lower level hallway. Maddie Safford from HTK Architects presented an overview of the plan at the February 2026 board meeting. We have two bid resolutions this month related to the staff spaces renovation. We were pleased with the interest and responses we received for the project and anticipate beginning construction in May. More details about the bids are included in the resolution documents.

Once the project begins, three departments will be directly impacted by construction. The good news is that they will all have newly renovated spaces when the project is done. The bad news is they will each need to relocate for approximately 2 months during construction.

Digital Services staff have already begun to move into their temporary location in Room 123, with construction beginning in their area at the start of the project. Once work is complete in Digital Services they move back into their renovated space, and then Youth Services staff will relocate into Room 123. Community Services will move into a few different spaces in the building at 1020. The entire project should be completed before the end of 2026.

Beyond the Building & PLA

We continue to work on the Beyond the Building project, with several teams currently in the process of developing detailed plans and recommendations for new and improved services. One team that has made a great deal of progress is the Library Hours team, which is focused on extending hours with unstaffed services.

Coincidentally, several of us attended PLA in Minneapolis and were able to make a short trip to the Savage Library branch of Scott County Library. Scott County Library implemented extended unstaffed hours several years ago and a staff member was able to give us a tour and answer questions about their first-hand experience. It was extremely helpful to see how it worked in person and get information and advice. This should prove useful as we continue to explore ways to make our services more accessible.

Department Highlights

Public Services

Debbie Stanton, Public Services Manager

Public Library Association Conference

I had the opportunity to attend this year's Public Library Association conference, focusing on the management and leadership track. One of the most inspiring sessions came from Skokie Public Library, where they shared their work to build a healthy leadership culture through clear norms, small cohort groups, and built-in accountability. I've already shared this with our Staff Development Coordinator and see real potential for how we might strengthen shared expectations of leadership here through a similar process.

Change Management Work

As part of our Beyond the Building work, I'm leading an internal team focused on change management. We've had our first meeting and will soon begin the work of reviewing team charters to identify what I'm calling "change flashpoints." Those are the moments where staff may need extra support navigating change and we as leaders will need to focus on capacity-building, communication, and training. This is the first time we've intentionally built change management into an initiative like this, and I'm excited to help lead that effort in a thoughtful, practical way.

Public Services

Zan Popp, Supervisor – Learning Experiences

Alice C. Gallery

Runway Remix has drawn a lot of attention, with 4,291 visitors just in March. The exhibit explores the artistic process through clothing and fashion, featuring seven artists who created original wearable fiber art inspired by pieces from the library's permanent collection. *Runway Remix* will be on display through May 17.

March also wrapped up Youth Art Month, which celebrated Kansas K–12 artists on March 28. For four weeks, the library's main hall and rotunda were filled with artwork submitted from schools across the state. Families and teachers came in to enjoy the exhibits, participate in art-making activities, and celebrate award winners. YAM is a great reminder of how much talent we have in the state and how inspiring it is to see these young artists at work.

Topeka Room

The Topeka Room had record traffic in March, thanks in large part to the library-wide LEGO scavenger hunt over spring break. We had 1,571 visitors in total, with 889 of those families taking part in the scavenger hunt.

A lot of visitors stuck around after the hunt, exploring the room and asking staff questions. While kids hunted for LEGO clues, adults (and kids!) were curious about resources from yearbooks to military databases, which gave us great chances to connect them with our collections.

As the team keeps adding data into the new Recollect database, we're seeing more patrons searching for specific materials, especially items on the 1966 tornado and the Kansas Silent Film Festival vertical files.

Core Tech Team

The Core Tech Team wrapped up our last DOCK Grant Intern session with a pizza party on April 2, where we shared the final numbers with the teams. From February 2 through April 2, 25 people attended our sessions out in the community—more than the 24 combined from the last three sessions in 2024 and 2025.

We were really impressed with the teen and college interns and how well they ran the sessions out in the community.

Most attendees came in the evenings (20), with just 5 in the mornings. They joined us across multiple locations, with IBSA/Gil Carter Initiative near Highland Park High School seeing the highest turnout, followed by Oakland, TSCPL, Crestview, and Shawnee North. Overall, this grant was a great demonstration of both community engagement and the interns' ability to make a meaningful impact.

Public Services

Cadie Maas, Supervisor – Readers & Resources

Readers Services

Local Author Fair

The return of the Local Author Fair attracted 125 attendees, drawing an audience of both children and adults. The event provided an opportunity for connection where readers engaged directly with 24 local authors including writers of fiction, nonfiction, true crime, and children's literature. Many attendees spent extended time visiting with the authors, learning more about their writing and publishing process, and browsing and purchasing books. Feedback was overwhelmingly positive, with customers expressing excitement about discovering new writers here in the Topeka & Shawnee County community. The event also led to a new library card registration from a first-time visitor. We have already received inquiries from twelve additional local authors expressing interest in participating in our next local author event.

Morbid Curiosity Book Club

The Morbid Curiosity Book Club continues to thrive, with a dedicated core group of 6–8 regular attendees over the past year. Additional participants engage as schedules and interests allow, with many participants choosing to read a long independently. The March meeting welcomed three first time attendees, reflecting an ongoing community interest in this topic. The Morbid Curiosity book club exemplifies how the library cultivates a sustained community of readers, creating space for connection and curiosity through shared reading experiences.

Book Group-in-a-Bag

Staff continue to deliver high-impact, personalized service. In one notable interaction, staff assisted two book club members in using the Book Group-in-a-Bag service, while also introducing accessible format options such as large print, audiobooks, and eBooks. The customers left excited to expand their book club selection options and share library resources with their group. This customer interaction highlights the library's role in reducing barriers to access while supporting readers with the wide variety of resources we make available to the community.

Community Connections

Community Connections Librarian Lissa Staley currently represents the library on the Advisory Board of Washburn University's Aleshire Center for Leadership & Community Engagement. In March, she was a guest speaker at a Community Studies course taught by Dr. Michaela Saunders. During her presentation, she shared examples of the evolution of her role toward community connections and drew lessons from that evolution that the students could apply in their own future careers and communities. An overarching challenge was to consider: Once your organization is invited to community tables as a trusted resource, what can you do to be effective catalysts of community change?

- Learn how the partners work and what is most important to them
- Learn how community groups talk about challenges
- Learn how the community thinks about the challenges

- Learn new skills and techniques that you and your organization can bring to the community

Lissa shares that it's always a treat to interact with Washburn students. The students involved in the Aleshire Center and the Community Studies course bring an impressive amount of creativity and enthusiasm to address challenges in communities, both now and in their future careers.

Red Carpet

The Red Carpet team is advancing efforts to improve and strengthen this vital outreach service. We are currently in the data collection phase of this work, focusing on gathering feedback to guide future decisions. Staff have developed a concise, seven-question survey designed to evaluate the current customer experience, identify service gaps, and better understand unmet needs among our Red Carpet participants.

Surveys have been distributed across nearly all delivery sites, ensuring we capture a broad and representative range of perspectives from the communities we serve. Over the coming weeks, as responses are collected and analyzed, this feedback will provide valuable insight into both what is working well and where there are opportunities to grow.

This data-informed approach will help position Red Carpet services to evolve alongside the changing needs of older adults in our community. By listening closely to our customers and partners, we are laying the groundwork for thoughtful service enhancements, potential expansion opportunities, and a more responsive, sustainable model for the future.

Recent Outreach Observations

I had opportunity to see a few storytellers in the field recently, and I am awe struck by their talents. Two moments in particular stand out to me. At one location, the storyteller was in front of a group of 4-year-olds. Several boys towards the back were determined not to enjoy themselves; they were reluctant to sit down and to pay attention. The first book was about dinosaurs though, and it compared the size of specific dinosaur babies to recognizable, modern objects. That got their attention. Soon the boys were on their knees scooting ever closer to the group and predicting the rhymed lines. Next the storyteller pulled out a magnet board with columns labeled "1, 2, 3". She placed pictures of some words from the just finished book on the board, and she checked their understanding of that vocabulary. Then two teachers gasped as she introduced to the class the concept of syllables, a solid pre-reading skill. They caught on quickly and clapped out the syllables of each word and sorted them into appropriate columns. At another location, I walked down the hallway of a school with a storyteller who gave me the rundown on the group we were about to see... three mostly nonverbal students with autism, three paras, and a teacher. It was her third visit to that classroom. She knew that at least one of them would have difficulty transitioning from the activity they were doing to storytime. That held true and a meltdown was in the background for the better part of her time there. The other two kids though were laser focused on Boomer in a raincoat that

matched one in the pictures of the first book. They participated and even responded to the materials she brought. She cheered for one who appropriately tried to quack like a duck, and he beamed. She acknowledged vocalizations that communicated understanding of the story. You could tell that the kids felt understood, even the child who joined late. I was impressed by her rapport with everyone in the room and her understanding of the dynamics at play. Needs of classrooms vary widely, and all our storytellers have been on board for a year or less. They are proving adaptable, understanding and fun while keeping quality of what we offer high.

Librarian Updates

Early Childhood Librarian

April kicks off the second *30 Books in 30 Days Reading Challenge*. Children birth-5 will receive a prize for reading or have had thirty books read to them during the month of April. The prize pick-up party is May 3rd. Prizes may be picked up in the Kids Library through May 9th.

The Week of the Young Child occurs every April and celebrates early childhood education, teachers, and the importance of supporting young children and their families. While supplies last, during April 12-18, families can pick up a copy of *Only One You* by Linda Kranz in the Kids Library. To culminate the week, on April 18, we will have a special storytime full of activities themed around that title.

Early Childhood Outreach Librarian

A staff person from Parents as Teachers-Auburn Washburn School District was on the bus at one of our stops. The Parent Educator was introduced along with information about services provided at their two locations. Later an expectant parent and the partner connected. They visited about pregnancy and the expanding family. The community partner invited the parent's entire family to multiple events that Parents as Teachers hosts like their weekly playgroups and spring event.

School Age Librarian

Fans of LEGOs® came to the library over spring break to find kindred spirits and to demonstrate their creativity. We hosted a little something for everyone... escape rooms, battle bots, crafts, cars, a 500 builds in a day challenge, and even edible bricks. Success looked like families that stayed for hours, parents bonding with their kids, kids sharing interests, community excitement to take part in the 500-build goal, volunteers pulling projects apart so that the next folks in had bricks to use. It was an outstanding week.

Teen Librarian

The Teen team has spent the last few months hard at work planning for summer and putting together new plans for outreach among a few other pursuits. It has been hectic, but we are excited about some of the programs we will be able to offer this summer.

We also participated in the LEGO® Spring Break programming over Spring Break. Teens used LEGOs® to showcase their creativity through stop-motion animation, ink prints, D&D-inspired maps, and all kinds of LEGO® vehicles!

The teens made food toys out of felt to augment the options available to younger kids in the library playscapes. Those made it out to the floor in March. We cannot be prouder of our teens than we are when they are supporting and giving to others!

Two of our Teen staff also made the trek to Minneapolis recently for the PLA conference. It was an amazing few days full of collaboration, learning, and exploring. We've come back with lots of percolating ideas that we're itching to share and implement for several facets of our work here.

New Language Learning Tool: LOTE4Kids

We recently added a new digital collection for kids and I'm excited to share about it. It's called LOTE4Kids (Languages Other Than English). LOTE4Kids is an online collection including over 8,000 digital picture books

(ebooks and audiobooks) in over 100 different languages and sign language content for ASL and 3 other English-based sign language systems. Picture books are the main content. The product has a bilingual mode (native language alongside English) to aid in accessibility for anyone wanting to learn a new language. The books are narrated by native speakers to help with pronunciation and language learning through an authentic storytelling experience. Parents, librarians, and teachers use LOTE4Kids to boost English and bilingual language learning and cultural programs. Public Library Association (PLA) Conference

Along with several others from TSCPL, I participated in the PLA Conference held in Minneapolis, MN, April 1-3rd. It was a great conference full of insightful sessions and compelling keynote speakers. I attended interesting sessions on AI in libraries, creating memory cafes for individuals experiencing neurocognitive disorders, improving internal communication on a larger scale within libraries, and working with independent and self-publishers. I also connected with all our sales reps in the exhibit hall. It's the best one-stop-shop to learn what's going on with the many companies we connect with for library collections and services. I learned a lot and enjoyed time with colleagues.

Community Services Outreach Librarian Report

From Fear to Fascination: Building Confidence Through Curiosity

This month, I am excited to highlight Riley's impactful work in the field and the engaging programs she brings to students across our community. Riley currently leads six dynamic programs that spark curiosity and hands-on learning, including *Kansas Aquifers*, *Backyard Bugs*, and *Topeka to Scale*. Each program invites students to explore the world around them in meaningful and interactive ways—an approach that fits Riley perfectly, as her natural, outdoorsy spirit shines through in every lesson she leads.

A recent moment from Riley's *Backyard Bugs* program perfectly captures the power of her approach. Because the insect specimens students observe are real (but preserved), it's not uncommon for students to feel hesitant at first. During one visit, a young girl shared that she was scared of bugs. Riley reassured her that the insects were safe to explore and encouraged her to simply take a closer look. By the end of the program, that same student had carefully drawn all three insects and proudly shared that she was no longer afraid. What began as fear transformed into curiosity and confidence in just one session.

The photos capture Riley in action, guiding students through hands-on discovery and helping them see the natural world in a new way. Her thoughtful encouragement and engaging teaching style create space for students to challenge themselves, overcome fears, and build lasting confidence through learning.

Riley has a gift for turning “I’m scared” into “I can do this.” Her calm, encouraging presence helps students take risks, stay curious, and leave each school visit with greater confidence than when she first met them.

Community Services Librarian Report

The Bookmobile Team checked out over 3,900 items at vehicle stops throughout Shawnee County. The Delivery Team took out over 4,100 items to patron's homes, almost 900 items to businesses via TSCPL@Work, and over 450 items to the book lockers.

The Delivery Team has worked hard over the weeks to learn about delivering to our TSCPL@Work partners and the book lockers and have developed new systems to streamline the work. They have also taken the time to create step-by-step directions for how to process, bag up, and deliver these items. These instructions were invaluable, particularly for me when I am called on to help with deliveries. Many thanks to Andy, who took the time to write up all the directions!

As the seasons change, so do the decorations on the bookmobiles! I am constantly in awe at the creativity of the Bookmobile Team members as they help bring visual interest to the bookmobiles, much to the delight of our patrons, young and old alike. The current display on the Adventuremobile was crafted by Cole

New ILL Staff Member

We're excited to share that our team is now complete! We recently welcomed a new Interlibrary Loan staff member, Sophia Calderon-Sosa, bringing our team to four. Sophia graduated from Washburn University in December, where she spent the past three years working in their library. Since coming on board, she has jumped right into training and is quickly getting up to speed with the ins and outs of interlibrary loan and notary service here at the library. She's been quick to learn, adapt, and step in wherever needed. We're thrilled to have her on the team and are excited about the energy and support she brings as we move forward with a full staff.

Shelver Retirement

We'd like to share that longtime shelver Maria Zubiate retired from the library last month after many years of dedicated service. She was one of our longest serving shelvers, and her speed, accuracy, and reliability will truly be missed. She was also a familiar and valued presence during many of our summer reading events over the years. As she begins this next chapter, she's looking forward to spending more time traveling and enjoying her garden, taking in the simple pleasure of nurturing plants and watching them thrive. We celebrate her many contributions and accomplishments over the years, and we wish her all the very best in this well-earned retirement.

Program Services

Autumn Friedli, Program Services Coordinator

Program Services is where the library meets the community. We do this in two ways: we host through our own curated public events, and we house by providing the professional spaces and resources the community needs to gather, collaborate, and grow.

Programming News

March programming came in like a lion and stayed like a lion! In this building, we hosted 187 programs and engaged with 4,354 people through those programs. We also met people out in the community with 172 programs that allowed us to reach an additional 3,375 people.

Notable Programs

Our Youth Services Team hit it out of the park over Spring Break. They embraced a Lego inspired Spring Break week of activities that concluded with an attempt to make 500 Lego Builds in a Day. And they got darn close to hitting the goal. Other programs included Lego Escape Rooms, Bego Battle Bots and Lego Balloon Powered Cars to name a few. There was also a weeklong Lego Scavenger Hunt that encouraged kids (and their adults) to explore the library.

Just Around the Corner

Mark your calendars – The Summer Reading Kick Off Celebration will be held on Saturday, May 30th from

10am – noon. Activities will take place in the west parking lot, Claire’s Courtyard & Sunroom, and inside the library as well. Then join us all summer long as we ROAR!

Event Resources News

Space for Our Community

We hosted a LARGE KPERS meeting in March that had about 200 people visiting our library (and attending the meeting). Department of Corrections also held a multi-day, multi-room meeting. And The City of Topeka used our meetings space to hold a large community meeting focused on the Huntoon Project.

Library Out and About

Library Staff talked about the library and signed people up for library cards at many community and school events. We attended Robinson Middle School’s Reading Night, Indian Hills Career Day, the LINKS Annual Black Family Wellness Expo, and the City of Topeka Community Resource Expo.

Digital Services

David King, Digital Services Director

Digital Library Project Update

We have narrowed down website products to the two top vendors. Our next step is to work with the new Marketing Director to share what the team discovered and see if she has any insight into our two top choices. We will make a recommendation after that and be ready for a website update in 2027.

Digital Services Temporary Move

The Digital Services offices in the basement are being renovated soon, so we have moved! Most of the DS staff have moved to Room 123 (the old Edge space). They have set up nicely in that space. David has moved the old Call Center/Telephone Reference room. We will be in these spaces until our basement space is renovated.

ROAR Into Summer

Dino-Themed Campaign

A new marketing flyer has been developed to promote the library's summer lineup featuring a playful "ROAR" dinosaur theme that highlights reading programs and special events. By clearly showcasing dates, activities and opportunities for participation, the flyer serves as an effective tool to build excitement and encourage strong community involvement throughout the summer season.

Bright New Banners

Enhance Library Entrance and Visibility

The installation of vibrant, colorful banners in the library's front parking lot has improved our visibility and created an even more welcoming atmosphere for visitors. Early feedback is positive. Customers and staff say the updated look makes the entrance feel more cheerful.

Social Media Buzz

Teen artist Natalie O'Callaghan told us how she took inspiration from Dennis Downey's painting *Above Santa Fe* to design and create wearable fiber art for *Runway Remix*.

Local author and poet Annette Hope Billings graced our social media channels with her poem *Heart Failure* ahead of her author visit with Dr. Jennifer Gordon in March.

We built Spring Break excitement brick by brick by promoting the week's LEGO-themed activities on social media and the local news stations. A video previewing Romina's LEGO escape rooms was especially intriguing.

Resolution – Bid for 2026 Subaru Outback

BOARD OF TRUSTEES

April 16, 2026

Be it resolved that the Board of Trustees, Topeka and Shawnee County Public Library, approves the base bid plus additional key from Subaru of Olathe, in the amount of \$34,142.06 for a 2026 Subaru Outback. This expenditure shall be paid from the Friends annual distribution fund.

Background information:

The library currently maintains a 2009 Ford Crown Victoria within its fleet, which was originally acquired as a used security vehicle. Now 17 years old, the vehicle is scheduled for decommissioning and replacement in 2026. While currently available for general staff use, it is primarily used by the Facilities and Digital Services departments.

To align with the library's expanding outreach and programming needs, the library plans to replace this vehicle with a Subaru Outback, which is the same make and model as the vehicle purchased in 2025. Standardizing the vehicle make and model will ensure operational efficiency, simplify maintenance, and provide staff with a uniform driving experience across all library vehicles. This request aligns with the library's multi-year Vehicle Replacement Plan, which staggers acquisitions to prevent simultaneous aging of the entire fleet. This vehicle was included in the approved 2026 budget and was part of the Friends annual distribution request for 2026.

Bid Process

In preparation for the bid process Library staff determined the type of vehicle needed, developed specifications, and created a Request for Proposal.

In accordance with the Board of Trustees Purchasing Policy dated January 19, 2017, this project was expected to exceed \$20,000 and bids were sought through a fixed-bid, Request for Proposal (RFP) issued March 23, 2026.

The RFP and related documents were posted on the Library's website and email notification was sent to several companies regionally who could provide this vehicle. Once posted there, all vendors who chose to receive updates on the project were notified. There was one addendum to the original RFP that was sent to the interested bidders and posted on the library's website.

Bids were received at a public meeting held at the Library at 1:00 PM, April 3, 2026. Six bids were received before the bid deadline; all were submitted electronically.

Staff Recommendation:

The low bid was from Subaru of Olathe, Olathe, KS. This bid meets all necessary criteria.

TSCPL staff recommends the base bid, plus additional key, totaling \$34,142.06 submitted by Subaru of Olathe, Olathe, KS, be approved for the purchase of a 2026 Subaru Outback.

Bid Process

In preparation for the bid process Library staff worked with HTK Architects to create a plan for the remodel of several staff spaces, including Digital Services, Youth Services, and Community Services. HTK provided specifications and created a Request for Proposal.

In accordance with the Board of Trustees Purchasing Policy dated January 19, 2017, this project was expected to exceed \$20,000 and bids were sought through a fixed-bid, Request for Proposal (RFP) issued March 6, 2026.

The RFP and related documents were posted on the Library’s website and email notification was sent to several companies regionally who have worked on similar projects. Once posted there, all vendors who chose to receive updates on the project were notified. There were three addendums to the original RFP that were sent to the interested bidders and posted on the library’s website.

Bids were received at a public meeting over Microsoft Teams at 2:00 PM, April 9, 2026. Three bids were received before the bid deadline; all were submitted electronically.
