New Literacy Partner Drives Adventure for Kids
Marvel at the new mobile kids’ library, the Adventuremobile, that’s rolling through the county. Thanks to a generous gift from the Security Benefit Foundation Charitable Trust to The Library Foundation, this new bookmobile replaces the original vehicle, which was 26 years old. The new Adventuremobile holds more (4,500 vs. 3,000) books, DVDs and music, has an awning for outside programming, and has room for new curiosity kits.

“This bookmobile is an important library for the children of our community,” said library CEO Gina Millsap. “For many children this is their first experience using the public library.”

This summer the Adventuremobile will visit 11 locations each week for kids to check out and return books, music, DVDs and curiosity kits, and explore different STREAM (science, technology, reading, engineering, art and math) activities. Kids can also join the summer Curiosity Club to earn prizes – just ask for a card on your first visit.

During the school year the Adventuremobile visits participating elementary schools every other week. The Library Foundation’s work with the Security Benefit Foundation has created a literacy partnership that will be enjoyed all over Shawnee County.

18th Annual Art Exhibit for Kids
Across the Universe
Take a step into deep space this summer at the Across the Universe art exhibit sponsored by the Sabatini Family Foundation. The exhibit will be in orbit May 21-Aug 18.

Kids and adults can uncover a variety of projects and activities – create your own constellations and even make your own space rover! Use everything from hula hoops to iPads to explore the universe and how we fit into it.

Projected NASA images of deep space set the stage for our intergalactic experience. Go behind the scenes to find out how these photos were taken and how scientists know what colors to use when editing them. Uncover the history of the universe and how we continue to discover new things in it. Even get your photo taken in space!

“This exhibit is really about getting immersed in the environment and having a hands-on museum experience,” said Zan Popp, curator of exhibitions. “We’ll ignite children’s curiosity and help them develop their critical thinking. Explore the depths of the universe with us!” #artofspace
Cocktails in the Courtyard
Experience exclusive after-hours fun and cocktails in the library on Sat, July 20! Cocktails in the Courtyard: Fly Me to the Moon is our first 21+ event in the new Claire’s Courtyard. While the festivities will start in the Courtyard, we’ll have a photo booth, trivia, an escape room, cash bar and creative activities for adults throughout the library from 6:30-9:30pm. With a $25 ticket you’ll receive entrance to the event, heavy appetizers and one drink. Tickets are limited so get yours today at tscpl.org/cocktails.

Construction Update
The lobby has been redesigned and has a new name – the Plaza. Enjoy the new open concept space with express books, large print books, copier, fax machine and scanner. Ask for notary service at the new ultra-modern customer service desk. Work is under way on the Learning Center (see page 6), the Digital Media Lab and new flooring in the east and west front hallways. Work on these areas should be complete in June.

Digital Magazine Moves
Many of the digital magazines that were available on Flipster have moved to OverDrive. You still have access to more than 100 digital magazines. We just aren’t duplicating titles on multiple sites. Access both OverDrive (Libby) and Flipster from tscpl.org/magazines or download the Flipster and Libby apps to your device.

Farmers Market
Pick up fresh fruit, veggies, eggs, flowers, honey, baked goods and plants from local farmers and bakers in the library parking lot every Monday (excluding Memorial Day and Labor Day) between May 13 and Oct 7, 7:30-11:30am.

Spanish Resources
In addition to Spanish fiction and nonfiction books, magazines and movies, we now offer computer classes in Spanish. One of our fluent Spanish-speaking staff members is ready to help with Beginning Computer Navigation and Computer & Gadget Help.

Recursos en Español

The Kansas Health Foundation recently launched Can't Wait to Read, a statewide campaign showing parents and caregivers why their kids need to experience reading, starting when they are infants. You can receive tips by text or email by signing up at readwiththem.org. The library is a supporting resource for the campaign.

Our librarians are always ready to share reading recommendations and tips for you and your little ones. Even infants can get their own library card tscp.org/librarycard. Register your child (birth-5) to receive a free book a month mailed directly to your home from Dolly Parton’s Imagination Library tscp.org/imagi nation. Visit the Learn & Play Bus for storytimes and learning play (see page 12 for schedule).

Space to Create & Explore

Learn something new, feed a passion or share your enthusiasm in our new Learning Center.

Learning has been shown to give you a sense of accomplishment, boost your self-esteem, help you grow as a person, unleash a hidden or potential talent and help you meet new people. Trying something new can be scary, but learning with others in a stress-free environment is a fun challenge.

The best part about the Learning Center is it's for all ages. This means kids won't get to have all the fun. They'll have to share. It's easy to stop and join whatever's happening in the Learning Center - a book discussion, building electric race cars, games, computer classes, knitting or movies. Space

Both books give you a fun and entertaining look at space. The Hitchhiker's Guide to the Galaxy is the fictional story of bumbling space travelers filled with wit and satire. Packing for Mars is a nonfiction exploration of strange and practical questions about space travel and the bizarre tests that are conducted to find the answers. For example, what happens if you vomit in your helmet during a spacewalk?

Discuss these books with others at the 2Book Topeka Book Club on Sat, June 15 and Sat, July 20.
