Article 2-2: Drawing Sheet D101:

1. The temporary wall and fire watch requirements outlined in Demolition plan note 27, shown on D101, and referenced in the Prebid meeting notes issued in Addendum 1 will not be required. Instead, revise demolition plan note 27 to read: "During construction, cover the existing ceiling mounted exit sign above door 232 (labeled on A101). Maintain access to Meeting Room 230 (labeled on D101) until the last month of construction by leaving the existing door out of the tech services space and extend the existing wall to the south and east. In the last month of construction, these temporary walls can be removed and the tie in between existing and new construction can be completed." See the partial demo plan on the next page for modifications.
