BLUE PAPER WREATH

Supplies:
• 6” Cardboard ring (You can make your own from a cereal box)
• Papers
• Scissors
• Glue stick
• Optional: yarn, sequins

How-to:
1. Cut pieces of different blue papers into smaller sizes. You can choose to cut randomly or create specific leaf shapes.

2. Layer and glue these smaller pieces onto cardboard ring. Start at the outside edge and work in. Mix up the different colors and textures for each layer. Cover the ring completely.

3. To finish, tie a yarn loop around the wreath for hanging.

*You may wish to add sequins and/or a yarn bow for a finishing touch.*
